

CORPORATE GOVERNANCE STATEMENT – FINANCIAL YEAR ENDED 30 JUNE 2017

Unless disclosed below, all the recommendations of the ASX Corporate Governance Council (3rd Edition) have been applied covering the financial year to 30 June 2017.

The Board has responsibility for corporate governance for the Company and its subsidiaries (the Group) and has implemented policies, procedures and systems of control with the objective of ensuring an appropriate framework for governance outcomes that meet the expectations of stakeholders.

This Statement sets out corporate governance practices adopted by the Board which were in place during the financial year ended 30 June 2017 unless otherwise noted. Where the Board considers that adoption of a recommendation is not applicable due to the size or complexity of the Group's operations this is separately detailed.

Further information relating to the Company's corporate governance practices and policies is publicly available on the Company's website at www.resgen.com.au as well as in the 2017 Annual Report.

The table below summarises the status of the Company's compliance with each of the recommendations contained in the ASX Principles and Recommendations at the date of this statement and discloses reasons for non-compliance where necessary.

The Corporate Governance Principles and Recommendations

Principle 1 – Lay solid foundations for management and oversight

Roles and responsibilities of the Board and Management

The Company has established a Board Charter which details the adopted practices and processes in relation to matters reserved for the Board’s consideration and decision-making and specifies the level of authorisation provided to other key management personnel.

The Board Charter sets out the functions of the Board which include:

- Ensuring compliance with the Corporations Act, Accounting Standards and all other appropriate laws
- Ensuring compliance with all relevant regulations, in particular mining, safety and environmental regulation
- Ensuring compliance with all industrial and associated legislation
- Promoting ethical and responsible decision making
- Providing input into and final approval of management’s development of corporate strategy and performance objectives
- Approving and monitoring the progress of major capital expenditure, capital management and acquisitions and divestitures and dividend policy
- Monitoring senior management’s performance and implementation of strategy and ensuring the appropriate resources are available
- Monitoring the operating and financial performance of the company and approving annual operating budgets
- Promoting a culture of workplace health and safety and environmental responsibility
- Promoting development of employees through appropriate training and education programmes
- Appointing the Chair and Deputy Chair
- Appointing and removing the Chief Executive Officer (CEO)
- Ratifying the appointment, and where appropriate the removal of the Chief Operating Officer (COO); Chief Financial Officer (CFO) and the Company Secretary
- Monitoring the performance of the Board, CEO and executive management ensuring a clear link between performance and remuneration
- Overseeing the integrity of the accounting and corporate reporting systems, including the external audit
- Ensuring that an appropriate overall framework of internal control is in place
- Ensuring that an appropriate framework is in place to monitor business risk

- Ensuring that capital markets are fully informed of material developments in a balanced and timely manner
- Monitoring the effectiveness of the governance processes
- Recognising the legitimate interests of all stakeholders

The day to day management of the Group's affairs and the implementation of the corporate strategy have been formally delegated by the Board to the Chief Executive Officer.

A copy of the Board Charter can be located on the Company's website.

Director Checks

The Company performs checks on all new appointments to the Board which can include checks on a person's character, experience, education, criminal record and bankruptcy history.

New directors are required to provide consent for the conduct of background checks and also confirm their capacity to allocate the required time and effort to Company related matters.

Directors appointed to a casual vacancy must stand for re-election at the next AGM. At that time, the Notice of Meeting provides shareholders with information about the director including details of relevant skills, experience and any other relevant information available to the board at that time. A similar approach together with disclosure of length of service is adopted for directors standing for re-election under the Company's rotation policy.

Written Agreements with Directors

The Company has a written agreement with all non-executive directors which sets out the terms and conditions associated with their office.

Company Secretary

The Company Secretary is accountable directly to the Board, through the Chair, on all matters associated with the proper functioning of the Board and is allocated an agenda item at each board meeting to cover matters associated with the corporate governance of the Company.

The experience and qualifications of the Company Secretary are set out in Executive Management section of the Annual Report.

Diversity

The Company has a Diversity Policy which documents the principles and commitment in relation to maintaining a diverse employee base within the Company. This policy can be found on the Company's website.

The Company recognises its success will result from a talented and diverse workforce, and is committed to workplace diversity. Diversity includes, but is not limited to, gender, age, race, religion, national origin, ethnicity, cultural background, marital status, sexual orientation or disability.

The diversity of an appropriate mix of South African citizens, reflecting adequate representation of females and Historically Disadvantaged South Africans (HDSA), and the appropriate qualifications of all staff are of prime concern. The Group's principal project, being the Boikarabelo Mine in South Africa, is fully Broad-based Black Economic Empowerment compliant. The BBBEE program is a legislated

South African Government initiative to address the issues faced by Historically Disadvantaged South Africans.

Senior management roles and positions are filled by the best candidates available without discrimination and the Group aims to increase diversity in senior appointments post project funding and has established an Executive and Management Transformation Plan – see page 14 of the Annual Report for more detail.

Diversity will be advanced by ensuring the Group retains appropriate recruitment practices, training regimes and management practices. In addition, the Nomination Committee will monitor progress at the Board level and the Social, Ethics and Transformation Committee at the workforce level.

The Company has set measurable objectives post funding for achieving gender and HDSA diversity at the Board level and workforce targets under the current Mining Charter.

The total proportions of males and females and HDSAs across the organisation are listed in the tables below:

Category	Male	Female	%age
Board	6	1	14%
Senior Management	8	3	27%
Staff	14	9	56%
Total Organisation	28	13	32%

Category	FY17	FY16
Transformation ¹	59%	51%

1-Transformation equates to number of HDSA employees to total employees

Assessment of Board Performance

The Company has established a policy of reviewing the performance of its Board, its Committees and individual directors as set out in the Nominations Charter. The process is to be managed by the Chairman of the Board and will initially be based on self-assessment feedback provided through a structured questionnaire. The results of the feedback are summarised and tabled for discussion.

A formal Board performance review was not conducted during the 2017 financial year. The Chairman did however meet with each Director separately to discuss their skills and how they can best contribute to furthering the Group's objectives. In addition, it was agreed that a short self-assessment questionnaire would be completed for discussion by the Board at the November meeting. It is also the objective of the Nomination Committee to engage an external advisor to conduct individual performance reviews for the 2018 financial year.

Assessment of Management Performance

The Board has established a Remuneration Committee with its own Charter and has approved a Remuneration Policy for the Group. One of the functions of the Committee is to oversee the framework established for managing the performance of senior executives and staff.

Only the CEO and COO had short term performance metrics established in their contracts for FY17. The Remuneration Committee has agreed a process to have Short term incentive KPIs in place for all management personnel in FY18.

Contractual arrangements for executive performance incentives are based on a calendar year. At the Remuneration Committee Meeting held in June 2017 it was resolved to extend the period for this assessment through to 30 June 2018 and in conjunction to reassess the KPI targets. Consequently, a review of senior executives' performance against agreed KPI targets will only be performed at that time.

No short-term incentives were awarded to Management for FY17. For further detail please see the Remuneration Report on pages 42-56 of the Annual Report.

Principle 2 - Structure the board to add value

Nomination Committee

The Board has established a Nomination Committee. The roles and responsibilities of a Nomination Committee are set out in a separate Charter which is included on the website.

The responsibilities of the Nomination committee include:

- Annually review the composition of the Board and make recommendations on the appropriate skill mix, personal qualities, expertise, ability to exercise independent judgement and diversity required to discharge the Board's duties;
- Recommend to the Chairman of the Board ways in which the skills, experience, and expertise levels of existing Directors can be enhanced through education;
- Recommend to the Board candidates the Committee considers appropriate for appointment to the Board having regard to the skills, experience, ability to exercise independent judgement and expertise assessments completed;
- Recommend to the Board candidates the Committee considers appropriate for removal from the Board having regard to the skills, experience, ability to exercise independent judgement and expertise assessments completed;
- Establish processes for:
 - a. the identification of suitable candidates for appointment to the Board and the selection procedures for the appointment; and
 - b. the removal of non-performing Directors.
- Ensure that an effective induction process for individual Directors of the Board is in place, with regular reviews of its effectiveness;
- Establish and maintain the selection, appointment and succession planning process of the Company's CEO;

- Establish and maintain the process for the review of the performance of individual Directors and the Board as a whole.

Nomination Committee comprises of three Independent Non-executive Directors. Subsequent to year end the Committee was expanded to four Independent Non-executive Directors to achieve gender diversity.

The Nomination Committee met once during the 2017 financial year.

The Company's Constitution provides that at every Annual General Meeting, one third of the directors shall retire from office but may stand for re-election.

Skills Matrix

The Board has the objective of maintaining a mix of skills, personal qualities, expertise and experience which is commensurate with the size and current activities of the Company.

A Board Skills Matrix has been prepared based on individual self-assessment by each director and has been reviewed by the Nomination Committee. The skills matrix considers the level of experience and expertise of the Board across the areas of industry, technical, corporate (including other board roles, finance, governance and risk, leadership and strategy). Once funding is secured the Nomination Committee plans to review the skills matrix to ensure that it has the experience and expertise to oversee the project execution phase. Diversity in representation on the Board is considered based on tenure, tertiary qualifications and in-country and geographic exposure.

The Nomination Committee has recently established targets of achieving a 25% female and 50% HDSA representation on the Board post project funding.

The Board Skills Matrix is attached to this Corporate Governance Statement in Appendix 1.

Independence

Applying the ASX Guidelines on independence, it is considered that there are five Independent Directors of the seven member Board, being Denis Gately, Dr Konji Sebati, Leapeetswe Molotsane, Colin Gilligan and Robert Croll at the reporting date of 30 June 2017.

A brief summary of the skills, experience and expertise of each director who is in office at the date of the Annual Report and their term of office are detailed in the Directors' Report section. Six directors were elected to the Board on 26 November 2015 and have therefore been in office for approximately one year and nine months at the date of this 2017 Corporate Governance Statement. Manish Dahiya was appointed as a representative of a significant shareholder and has only been in office since 17 May 2017.

Independent Directors have the right to seek professional advice in the furtherance of their duties as directors at the Company's expense. Written approval of the Chairman is required, but this is not to be unreasonably withheld.

The Board is conscious of the need for independence and in this regard a 'conflicts register' is maintained. The register is tabled and reviewed for completeness at each Board meeting. In the instance where a conflict of interest arises, the relevant director(s) leave the meeting to ensure full and frank discussion on the matter at hand.

Independence of the Chairman

The Company's Chairman, Denis Gately, meets the ASX Corporate Governance assessment criteria for independence.

Director Induction

The Company has a program for inducting new Directors. The induction program covers all aspects of the Company's activities. The program includes a briefing on the Company structure and current activities. In addition, a site visit is organised to the Boikarabelo Mine where operational personnel provide presentations on their areas of responsibility.

In order to develop and maintain the skills and knowledge required to perform their role, all directors are encouraged to undertake continuing professional development in their fields of expertise. Directors will be granted reasonable access to resources and training in order to address any identified skills gap.

The Board has recently endorsed obtaining assistance from the Institute of Directors in Southern Africa (IoDSA).

Principle 3 -Act ethically and responsibly

Code of Conduct

The Board acknowledges and emphasises to all directors, employees and contractors the importance of maintaining the highest standards of governance and ethical conduct. A Code of Conduct has been developed and approved at the Group level. In addition, a Ledjadja Coal (Pty) Ltd- Ethical Behaviour Policy has been developed for the Boikarabelo Mine.

The Code of Conduct requires directors, employees and contractors to:

- comply with the law;
- comply with the Company's Policies;
- act honestly and with integrity, and strive to earn and maintain the respect and trust of co-employees, customers and the community;
- work safely and with due regard for the safety and well-being of fellow employees, contractors, suppliers, customers and local communities;
- avoid situations which involve or may involve a conflict between their personal interests and the interests of the Company;
- show respect for local cultures;
- have due regard for cultural diversity in the workplace; and
- respect the environment and ensure that work activities are managed in an acceptable manner so as to give benefit to all stakeholders.

The Board has established a Social, Ethics and Transformation Committee which has a separate Charter. This Committee has amongst its responsibilities the obligation to report matters of social and ethical importance to the Board and shareholders.

The Company's Constitution permits Directors to acquire securities in the Company, however prohibits directors, senior management and employees from dealing in the Company's securities at any time whilst in possession of price sensitive information.

Trading blackouts (Closed Periods) apply during:

- the period commencing one month prior to the scheduled release of the Company's half-yearly results to ASX [and JSE] and ending 24 hours after such release; and
- the period commencing one month prior to the scheduled release of the Company's full year results to ASX [and JSE] and ending 24 hours after such release; and
- the period commencing two weeks prior to the Company's annual general meeting and ending 24 hours after the annual general meeting; and
- the period commencing two weeks prior to the scheduled release of the Company's Quarterly Activities Report and Cashflow to ASX [and JSE] and ending 24 hours after such release; and
- any additional period that the Board may specify from time to time.

Written approval must be obtained from a Clearance Officer (as defined in the policy) prior to dealing in the Company's securities.

In accordance with the provisions of the Corporations Act and the Listing Rules of the Australian Securities Exchange, the Company advises the ASX and JSE of any transaction conducted by directors in securities in the Company.

The Code of Conduct and Securities Trading Policy are included on the Company's website.

Principle 4 - Safeguard integrity in corporate reporting

Audit Committee

The Company has established an Audit Committee.

The Audit Committee during the financial year comprised of Lulamile Xate (chair), Denis Gately and Dr Konji Sebati. The Committee consisted of a majority of Independent Non-executive Directors. The qualifications and experience of those appointed to the Audit Committee are included in the Integrated Annual Report- Directors' Report section.

Subsequent to year end the composition of the Committee was changed to comprise only of Independent Non-executive Directors through the retirement of Lulamile Xate and the appointment of Colin Gilligan and Leapeetswe Molotsane

The Audit Committee Charter can be found on the Company's website. Responsibilities of the Audit Committee include appointment, compensation and oversight of the independent auditor, review of the half year and full year financial statements and review of the governance framework.

The Audit Committee is also responsible for ensuring that the Group adopts, maintains and applies appropriate accounting and financial reporting policies and procedures.

The number of meetings of the Audit Committee and attendance at those meetings is shown in the Annual Report- Directors' Report section.

CEO and CFO declarations

Prior to approving the Annual Consolidated Financial Statements the Audit Committee, on behalf of the Board, receives a section 295A (Corporations Act) declaration from the CEO and CFO.

The declarations (which are also obtained at the Half-Year) confirm that the financial records have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity.

Auditor attendance at the AGM

The Auditor is required to attend the Annual General Meeting of Shareholders. The Chairman allows Shareholders to ask questions of the auditor which concern the conduct of the audit and preparation of the Audit Report.

Principle 5 - Make timely and balanced disclosure

Continuous disclosure

The Company has a written policy and procedure designed to ensure compliance with ASX Listing Rule continuous disclosure requirements and to ensure delegated accountability for compliance at a senior executive level.

It is the policy of the Company to act at all times with integrity and in accordance with law, including the disclosure requirements of the ASX and JSE Listing Rules, ASX Guidance Notes, the ASX Corporate Governance Council Recommendations and the Australian Corporations Act. The policy is included on the Company website.

The Company Secretary after receiving approval from Chairman and the CEO is responsible for communicating with the ASX and JSE in relation to Listing Rule matters including lodging market disclosures.

Deloitte & Touche Sponsor Services (Pty) Ltd acts as the Company's sponsor for its secondary listing on the JSE and is responsible for the Company's communications with the JSE.

All information released to the ASX and JSE is available on the Company's website.

Principle 6 - Respect the rights of security holders

Information concerning the Company and its governance

The Company has a Shareholder Communication policy and it is available on the Company's website at www.resgen.com.au.

The Company website enables security holders to access information about the Company, Directors and the Company's governance framework and to register to receive corporate updates electronically once released to the market.

Investor relations

The Board aims to ensure that all shareholders are informed of major developments affecting Resource Generation Limited through regular shareholder communication. These include the annual and half yearly reports and the distribution of specific material covering major transactions and events. A 'Shareholder Update' is provided to shareholders shortly after each board meeting.

The Company does not have a formally appointed investor relations manager due to the current size and scale of operations. This function is currently overseen by the CEO with assistance from the company's media relations advisors in both Australia and South Africa.

Information is communicated to security holders through:

- annual, half-yearly and quarterly activity reports;
- annual and other general meetings convened for shareholder review and approval of Board proposals;
- continuous disclosure of material matters released to the ASX/JSE for open access; and
- the Company's website where all market announcements, notices and financial reports are published as soon as possible after release.

Shareholders may at any time direct questions or requests for information to the Company Secretary, CEO or Chairman.

Participation at meetings of Security holders

The Board's philosophy is to encourage full participation of shareholders at the Annual General Meeting to ensure a high level of accountability and identification with Resource Generation Limited's strategy and goals.

An opportunity will be provided for shareholders to raise questions on the matters of business put to the Annual General Meeting. Directors will also be available to interact with shareholders after the meeting.

Electronic communications

Shareholders with access to the internet are encouraged to register on the Company's website or with the Company's share registry or transfer secretaries (www.investorserve.com.au [Boardroom in Australia] or www.computershare.com/za [Computershare in South Africa]) in order to receive electronic notifications when market sensitive information is released to the market. Shareholders are also encouraged to register with the Share Registry or Transfer Secretaries in order to receive shareholder related information electronically, including Annual Reports and Notice of Meetings.

Principle 7- Recognise and manage risk

The Board considers identification and management of key risks associated with the business as vital to maximise shareholder wealth. The Board has identified, mitigates and monitors the significant areas of potential strategic and operational risk to the Group.

Risk Management Committee

The Board has established a separate Risk Management Committee. The Charter for this committee can be found on the Company's website.

The Risk Management Committee members are risk aware and have appropriate understanding of the industry in which the Group operates. The primary purpose of the Risk Management Committee is to assist the Board to discharge its responsibilities in the following:

- Leading the Company's strategic direction in the management of material business risk;

- Oversight of the establishment and implementation of a risk management framework; and
- Reviewing the effectiveness of that risk management framework in identifying and managing risks and controlling internal processes

The Risk Management Committee is currently comprised solely of Independent Non-executive Directors being Colin Gilligan (chair), Papi Molotsane and Robert Croll. The qualifications and experience of those appointed to the Risk Management Committee are included in the Annual Report-Directors' Report section.

The Company has a Risk Management Policy together with a Risk Management Strategy, Plan and Procedural document. Further detail is provided in the Annual Report on pages 26-31.

Risk Management oversight

The Risk Management Committee is responsible for satisfying itself annually, or more frequently if required, that the Group's risk management framework continues to be sound. This review was conducted during Quarter 3 of the financial year by the Chair and was then considered by the Committee in August 2017. The review involved consideration of the Risk Management Strategy, Plan and Procedural framework together with a review of the Strategic Risk Register.

The Company does not believe it is of a size that warrants an internal audit function. The Board and management maintain the required level of assurance through the implementation of a 'fit for purpose' system of internal controls which is monitored by both the Audit and Risk Management Committees.

Exposure to material economic, environmental and social responsibility risk

The Group is focused on securing funding to complete the development of the Boikarabelo Coal Mining Project in the Waterberg District in South Africa. Consequently, there is a potential for material exposure to economic, environmental and sustainability risks.

The Group is acutely aware of the potential risks associated with a mining project and is committed to ensuring that sound health & safety, environmental and community relations practices are in place during the development and production phases of the project.

The Group has allocated responsibility for establishing and maintaining a culture of leading practice through Occupational Health and Safety, Environmental and Community Relations plans. The Management Plans in relation to these risks are the subject of an annual review.

The Group has material exposure to economic, environmental and social sustainability risks which are all managed through the Risk Management Framework. Specific risk mitigations are in place or being developed. Further detail is provided in the Integrated Annual Report.

Economic

The Group is exposed to the global commodity price for coal as well as community sentiment towards carbon emissions. In this regard, the Company monitors the market fundamentals, is a member of the Chamber of Mines and undertakes regular community engagement meetings.

Key economic risk exposures managed under the Risk Management Policy relate to regulatory, funding, operational, dependency on key personnel and IT/data management.

Environmental

The Group plans to be a responsible coal producer with the following considerations:

- As a new-generation producer the Group does not have legacies to deal with, and has access to the latest technologies and expertise.
- The mine and plant are being planned and designed to minimise the footprint and maximise coal resource usage while preserving other precious resources such as water.

Social Responsibility (sustainability)

The Group can and will contribute to the Waterberg region and the Country as follows:

- Through local job creation and skills development (including women in mining)
- The adoption of a comprehensive Social Labour Plan providing for the development of local infrastructure (roads, water and schools), local adult training and apprenticeships
- Significant contribution to the local economy.

Further detail of these commitments and contribution during FY17 is set out on pages 16-20.

Principle 8- Remunerate fairly and responsibly

Remuneration Committee

The Board has established a Remuneration Committee which during the financial year comprised of two directors, one of whom was independent. The Remuneration Committee comprised of Denis Gately (Chair) and Lulamile Xate. Subsequent to the year end the Board appointed a further member to the Committee being Manish Dahiya, a representative of a significant shareholder in the Company.

The Company has adopted a Remuneration Committee Charter, which is set out on the website.

Disclosure of remuneration policies and practices

The Company recognises the need to pay director remuneration that is sufficient to attract and retain high quality directors and to design executive remuneration to attract, retain and motivate high quality senior executives and to align their interests with the creation of value for shareholders. The remuneration principles are set out in the Remuneration Report in the Annual Report- pages 42-56.

Senior executives of the Company sign formal employment or contractor agreements at the time of their appointment covering matters including duties, responsibilities and entitlements. Key Performance Indicators (KPIs) associated with the role are specified for the CEO and COO and linked to the short-term performance incentive plan. KPIs will be developed the remaining Executives for FY18.

The Remuneration Committee intends to consider a long-term incentive plan aligned to the Company's strategic objectives once the funding for the project has been arranged.

The Company discloses in the Annual Report details of remuneration of Key Management Personnel which includes directors and senior executives.
