This is included below at the ASX's request, but in practice would not be drawn down as in the company's opinion it is not a viable option and the company recommends that shareholders should consider it as **not available**.

Note 3 As per the annual report, US\$20 million was drawn down as an unsecured loan in March 2014. It is repayable in quarterly instalments over 8 years commencing in June 2016 and has an annual interest rate of 10.75%.
